Occupational Therapist – School Therapy

Part-time (.5 EFT)

Block Building Therapies is a private practice that provides assessment and rehabilitation services to people who have a variety of conditions including traumatic brain and spinal cord injuries, musculoskeletal injuries, mental health diagnoses and pediatric developmental delays. We service children and adults in Manitoba and Northwestern Ontario. We are dedicated to enhancing the lives of all clients, their families, as well as educators and employers.

Our therapists and staff are offered competitive compensation, as well as opportunities for paid continuing education and training. Therapists have the ability to work flexible hours and work either from home or from our clinic space, located in South Winnipeg. We also have a satellite office in the Morden/Winkler area.

POSITION OVERVIEW:

We are looking for a part-time Occupational Therapist to join our team and provide services in a northern community. The primary service will be to provide assessment and treatment to children in the school system. Travel is required once a month.

RESPONSIBILITIES:

- Provide high quality of Occupational Therapy Services to children and youth (ages 0 – 21).
- Work within a multidisciplinary team in the community including Occupational Therapists, Physiotherapists, Speech Therapists, Social Workers, Psychologists and Case Managers.
- Work alongside school educators to implement and model recommendations.
- Work closely with families in the community to achieve the best outcomes for children.
- Understanding of pediatric developmental diagnoses such as FASD, ODD, ADHD, and other trauma-related diagnoses.
- The ability to respect and promote a culturally diverse population with a knowledge of indigenous teaching and culture.

QUALIFICATIONS & SKILLS

- Master's degree or equivalent entry level requirement in Occupational Therapy.
- Active registration with the College of Occupational Therapists of Manitoba (COTM) and Ontario (COTO).
- Membership and insurance with CAOT.
- Possess excellent communication skills with an ability to multi-task and prioritize.
- Remain up to date on documentation/case notes both in paper file and on our secure online portal.
- Must have previous or related experience providing pediatric therapy services including either pre-school or school-aged children.
- Knowledge of resources used for Occupational Therapy assessment and intervention.
- Proficiency in Microsoft Office 365 application, including Outlook, Teams, etc.
- Demonstrate effective decision-making and problem-solving skills.

- Must demonstrate proficient organizational and time management skills.
- Knowledge and understanding of clinical reasoning skills and evidence-based practice.
